Dear friends,

I am writing to express my sincere thanks for the solidarity with our University and Ukraine's fight against Russian aggression, as well as for assistance to the Igor Sikorsky KPI Support Foundation.

This assistance will be used to ensure vital activities of the University during this period, the exigencies of students and staff, operation of dormitories and air-raid shelters.

The Kyiv Polytechnic's family has suffered losses of those who swelled the ranks of the Armed Forces of Ukraine, the Territorial Defense Force, and volunteer organizations to get into the deadly fight with the enemy. Thirteen of them died a hero's death.

Eternal glory to our heroes!

Twenty-five families of our faculty lost their homes in hot spots after barbaric Russian shelling of the Kyiv region and the city of Kyiv. These families have been temporarily accommodated in student dormitories.

On Kyiv Polytechnic's campus, volunteers opened a shelter for animals evacuated from Bucha, Irpin, Hostomel, Vorzel, and Borodyanka. Students are rendering pet care services and providing medical treatment to the pets.

The charitable contribution to the Igor Sikorsky KPI Support Foundation, which has been made by the School Institution Niigata Sogo, will be used for meeting such and similar needs.

Dear friends! We believe in our Victory! Your support and assistance are vitally important to us.

We will never forget it!

Sincerely,

Mykhailo ZGUROVSKY
